

DIALOG SEMICONDUCTOR REPORTS UNAUDITED PRELIMINARY REVENUE AND CASH FOR Q4 2018 AND FULL YEAR 2018

Q4 revenue US\$431 million, within the October guidance range. Revenue for full year 2018 up 7% year-on-year to US\$1,442 million.

London, UK, January 14, 2019 - [Dialog Semiconductor Plc](#) (XETRA: [DLG](#)), a provider of highly integrated power management, Configurable Mixed-Signal IC, AC/DC, solid state lighting and Bluetooth® low energy wireless technology, today reports Q4 2018 unaudited preliminary revenue of approximately US\$431 million, within the guidance range of US\$430 million to US\$470 million communicated on 31 October 2018.

Unaudited preliminary revenue for the full year 2018 was approximately US\$1,442 million. Advanced Mixed Signal and Connectivity delivered strong year-on-year revenue growth due to the contribution from the acquisition of Silego Technology (completed on 1 November 2017) as well as strong year-on-year revenue growth in rapid charge and Bluetooth® low energy products.

Dialog remains a highly cash generative business and at 31 December 2018 the Company anticipates a cash and cash equivalents balance of approximately US\$678 million, representing a year-on-year increase of approximately US\$199 million, and no debt.

The Company will publish its audited results for the year ended 31 December 2018 on 6 March 2019.
