

**Announcement relating to the final settlement of the first tranche of shares bought back pursuant to Dialog Semiconductor Plc's authorised share buyback programme**

**London, UK, September 29, 2016** - Dialog Semiconductor Plc reports that, pursuant to the share buyback programme announced by the Company on May 3, 2016, the Company has purchased the following ordinary shares in the Company from Barclays Bank PLC:

<b>Date of purchase</b>	<b>Number of ordinary shares purchased by the Company in the final settlement</b>	<b>Average price per share (EUR) in the final settlement</b>	<b>Number of ordinary shares purchased by the Company in the first tranche of the buyback programme</b>
<b>September 28, 2016</b>	342,158	29.4931	1,332,158

The first tranche of the share repurchase programme announced by the Company on May 3, 2016 has, as planned, been concluded.

A cumulative total of 1,332,158 ordinary shares have been bought back, at an average price of €28.1498 per share, corresponding to 1.71% of the Company's ordinary share capital, at a total cost of €37,500,000.

The Company obtained shareholder approval at its Annual General Meeting on April 28, 2016 to purchase, in aggregate, up to 7,786,595 of its ordinary shares (representing approximately 10% of the Company's ordinary share capital as at March 30, 2016). The Company therefore still has authority to purchase, in aggregate, a further 6,454,437 ordinary shares. There can be no certainty that any further ordinary shares will be acquired by the Company following the conclusion of the first tranche of its buyback programme. The Company will consider further repurchases of ordinary shares during the next open period. The Company will announce the purchase of any further tranche of ordinary shares if and when it determines to make any such further purchase.

Details of any ordinary shares purchased by the Company are available on the Company's website at

**About Dialog Semiconductor**

Dialog Semiconductor provides highly integrated standard (ASSP) and custom (ASIC) mixed-signal integrated circuits (ICs), optimized for smartphone, computing, IoT, LED Solid State Lighting (SSL) and smart home applications. Dialog brings decades of experience to the rapid development of ICs while providing flexible and dynamic support, world-class innovation and the assurance of dealing with an established business partner. With world-class manufacturing partners, Dialog operates a fabless business model and is a socially responsible employer pursuing many programs to benefit the employees, community, other stakeholders and the environment we operate in.

Dialog's power saving technologies including DC-DC configurable system power management deliver high efficiency and enhance the consumer's user experience by extending battery lifetime and enabling faster charging of their portable devices. Its technology portfolio also includes audio, Bluetooth® low energy, Rapid Charge™ AC/DC power conversion and multi-touch.

Dialog Semiconductor plc is headquartered in London with a global sales, R&D and marketing organization. In 2015, it had approximately \$1.35 billion in revenue and was one of the fastest growing European public semiconductor companies. It currently has approximately 1,660 employees worldwide. The company is listed on the Frankfurt (FWB: DLG) stock exchange (Regulated Market, Prime Standard, ISIN GB0059822006) and is a member of the German TecDax index.
